

Risk Assessment - Gladiator Arena (2 Person)

Hazard Area	Risk	Existing Controls	Likelihood 1-5	Severity 1-5	Risk Score L X S	Further Action To Take
Gladiator Arena	Users falling from podium during activity	Ensure inflatable bed is fully inflated and covers entire fall off area.	2	1	2	None
Gladiator Arena	Users getting hurt from blows by other participant.	Keep all blows to a minimum and do not aim for the head. Adult supervision and head guards at all times	5	1	5	None
Gladiator Arena	Falling from inflatable bed.	Inflatable walls in place to catch participant.	5	1	5	Only the two participants that are duelling to be on equipment.
Gladiator Arena	Over enthusiastic participants	Responsible adult supervising at all times.	2	1	2	In the event of large numbers of participants then a trained operator will need to be hired.
Gladiator Arena	Danger of unnecessary Injury	Ensure that no one with a history of back or neck problems or who suffers from a heart complaint uses the inflatable. Anyone who is feeling unwell or suffering the effects of alcohol or drugs or Pregnant may not use this equipment at any time.	1	5	5	None
Gladiator Arena	Overloading or Tipping over.	No user weighing over 90kg is permitted to use this equipment at any time.	1	5	5	None

Risk Assessment - Gladiator Arena (2 Person)

Hazard Area	Risk	Existing Controls	Likelihood 1-5	Severity 1-5	Risk Score L X S	Further Action To Take
Gladiator Arena	Larger participants coliding with smaller participants.	Responsible adult supervising at all times.	1	1	1	Participants put in to groups of similar size.
Gladiator Arena	Adverse weather conditions.	Equipment to be switched off in heavy rain and is not permitted to be used in strong winds these conditions can be deemed a health and safety risk	Dependant on weather.	Dependant on weather.	Dependant on weather.	None
Gladiator Arena	Danger of injury from hard surfaces	The inflatable must never be mounted unless the inflatable bed is fully inflated whether the inflatable is in operation or not as this can lead to serious injury.	1	4	4	None
Gladiator Arena	Injury Through lack of supervision.	Constant supervision is required by a responsible adult.	1	5	5	None
Gladiator Arena	Tripping over anchorage points, electrical equipment.	Anchor points used as per manufacturers instructions and where possible electrical cables not to cross any public pathway.	1	1	1	In the event of a large event safety fencing to be erected and cables to be covered/overhead.
Gladiator Arena	Injury through incorrect positioning of equipment.	Do not move or try to reposition the inflatable under any circumstances and ensure that the anchors are in place at all times.	1	2	2	None
Gladiator Arena	Petrol Blower/ Generator, Risk of fire	Blowers/generators filed with fuel before delivery, units are fire retardant, event to provide a working fire extinguisher for fuel (petrol).	3	1	3	All spare fuel to be stored in suitable marked container. Inflatable switched off while refilling.
Gladiator Arena	Chocking	No food, drinks or chewing gum to be allowed on or near the inflatable.	1	4	4	None
Gladiator Arena	Injury through 3rd party items and 3rd party bodies.	All shoes, glasses, jewellery, badges etc MUST be removed before using this inflatable. Always ensure the area surrounding the inflatable is not overcrowded.	1	5	5	None
Gladiator Arena	Danger of fire	No smoking or barbecues near the inflatable at any time	1	5	5	None
Gladiator Arena	Danger of falling from height.	Climbing, hanging or sitting on walls is DANGEROUS and must not be allowed at any time. Equipment must always be supervised this is exceptional important when the inflatable is erected on hard surfaces.	1	3	3	None
Gladiator Arena	Emergency	In the event that someone is seriously injured. DO NOT move the individual, leave the inflatable switched on and dial 999 immediately.	1	5	5	None

Risk Assessment - Gladiator Arena (2 Person)

Hazard Area	Risk	Existing Controls	Likelihood 1-5	Severity 1-5	Risk Score L X S	Further Action To Take
Gladiator Arena	Injury through lack of inflatable pressure or suffocation.	Do not allow anyone to be on the inflatable during inflation or deflation as this can be EXTREMELY DANGEROUS.	1	2	2	None
Gladiator Arena	Injury through bouncing out of the inflatable ring.	Ensure that an area of 6 feet(2 metres) around the unit is completely clear and ensure the area in which the inflatable is to be erected is completely clear of debris before our arrival if possible.	1	3	3	None

L=Likelihood S=Severity L*S= Risk 1=Low 5=High

Risk is worked out using numbers 1 - 5. The likelihood is given a number and this is multiplied by the number given to the severity of the risk.

The result = the risk factor. This generic risk assessment is brief and we have our own individual assessments for each individual risk, 25 being the worst possible outcome, any item reaching 25 would give serious cause for concern & we would not be able to erect the unit. It is recommended that clients undertake their own risk assessment to suit their requirements.
